

DENVER CUT-OFF  
TO SALT LAKEFurther Assurances That New  
Railroad Will Be Built.

MANY BENEFITS IN SIGHT

CONNECT HERE WITH ROAD  
FROM LOS ANGELES.

W HILE in New York recently, David H. Moffat of Denver gave an interview concerning the plans for the Denver-Salt Lake railroad. He spoke definitely of the arrangements made for the connections with the projected road of Senator Clark from Salt Lake to Los Angeles, and described the vast resources of the country through which his road will pass.

As stated in last Sunday's New York Tribune, it became known in Wall street on Saturday that David H. Moffat, president of the First National bank of Denver, who has been in New York the past sixty days financing and making arrangements preliminary to the building of the Denver, Northwestern & Pacific railway, has been successful in his mission for the purpose of opposition of the transcontinental railroad controlled by the Gould and Harriman interests. Senator W. A. Clark has entered into an agreement with Mr. Moffat by which his road, the Salt Lake, Los Angeles & Salt Lake, will connect at Salt Lake City with Mr. Moffat's new road; and when it is borne in mind that the latter road will connect at Denver with the Rock Island and the Chicago, Burlington & Quincy, the importance of this new connection, the Denver, Northwestern & Pacific railway becomes apparent. The new road will reduce by ten hours the time necessary for the journey between Denver and Salt Lake City. The proposition has been strenuously opposed by the transcontinental railroads, both in Colorado and in Wall street. Mr. Moffat, just before leaving the Waldorf-Astoria to take the train for Denver, said:

"It is true that I have made the necessary preliminary arrangements looking forward to the building of the Denver, Northwestern & Pacific railway, and that this railroad enterprise has no wadance to the point where we can go on and build it. The proposition has been opposed by the transcontinental railroad owners. In addition to the \$20,000,000 subscribed in the city of Denver, outside capital has been secured to build the line. Rails have been ordered, and the work is going on. At the proper time, at some future date, the public will be made acquainted with the details of the enterprise and learn the benefits that will arise, and inducements will be offered by the promoters to subscribe for the bonds and capital stock. We propose to issue \$20,000,000 of bonds and \$20,000,000 of stock. The stock will be preferred and common.

Why It Is to Be Built.  
"This road, running, you may say, north and northwest from Denver to Salt Lake City, is not built for the purpose of making another road to the Pacific coast. It does this, however, simply because it connects the two cities. It forms a link in a railroad chain. That it will have an important effect on the now existing transcontinental roads, I do not deny, and that forming this connection it will naturally bring to the road an enormous amount of business is self-evident. What we chiefly want is a first-class, well built, thoroughly equipped road between Denver and Salt Lake City.

"Do you know, the section through which the railroad goes is as large as the whole state of Pennsylvania. A section rich in minerals, in anthracite coal, in agricultural wealth, and yet it is not traversed by a single road. Why, this territory northwest of Denver is greater in area than the combined areas of Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut, Delaware and New Jersey, which is a railroad road of about 6,000 miles. And this territory today, which is capable of supporting in luxury the miner and the farmer, the agriculturist and the beef raiser, has a combined population of 1,000,000. Now, what is the reason for this? This territory that is great area has not a railroad. There isn't a similar rich territory of equal area in the whole United States without a railroad. The Denver, Northwestern & Pacific will go through the most picturesque country in the whole state. In some places tunnels will pierce the mountains, and at others it will skirt the precipitous mountain sides, giving a view of hills, of streams and valleys, which will enchant the tourist. Exclusive of through travel, I confidently believe the road will carry over 400,000 passengers in the very first year of its existence.

Names the Committees.  
"The line we propose to build is a direct line from Denver to Salt Lake City, and there will be a connection with Senator W. A. Clark's road, giving it a western and also an eastern connection. By a mutual agreement between Senator Clark and myself, the road will become a transcontinental proposition. The road will be built with eighty-pound steel rails. At Denver the Chicago, Burlington & Quincy and the Rock Island connect, and the road will run through business to California. "It has been said that a straight line can be drawn from Cheyenne, Wyo., to Park City, Utah, east of Salt Lake City, for 200 miles, without touching a railroad track. From Silver Plume, fifty-four miles west of Denver, to Provo, Utah, a similar straight line of 200 miles can be drawn without touching a railroad track. It is 225 miles from Grand Junction, Colo., on the Denver & Rio Grande railway, due north to the Union Pacific at northern Wyoming. The Union Pacific at its nearest point to the north, and the Denver & Rio Grande is 125 miles on the south. The route of the new railway is midway between these points.

To Traverse a "Virgin Territory."  
"The Denver, Northwestern & Pacific railway will traverse a virgin territory from Denver to Salt Lake City a distance of, approximately, 500 miles, being 235 miles less than by the Denver & Rio Grande railway between Denver and Salt Lake City, thereby reducing the present time of travel between the two cities by at least ten hours.

"It is fair to say that this road will forever haul the greater part of the immense business of this vast region, as competing roads between Denver and Salt Lake City can only tap the intermediate territory of the Denver, Northwestern & Pacific railway by crossing intervening high and rugged mountain ranges, with branches from their main lines, resulting in much longer and more circuitous routes, as compared with that of the new company.

Singularly enough, some years ago A. N. Rogers, one of the best railroad engineers, recommended to the Union Pacific a route from Denver to Salt Lake through this territory, but for some unknown reason his recommendation was not accepted. The Union Pacific built a cheaper line over a different route. The same was I believe, heavy subsidized.

DAVID H. MOFFAT.

"The importance of this undertaking has been apparent to the business interests of Denver and Salt Lake City for some years. All our leading men have advocated the building of a road, and organized industrial and financial bodies—notably the Denver board of trade—and not only advocated a closer connection between the two cities, but have from time to time endeavored to create a sentiment among the people of a prolonged spree, Charles Sleater, 67 Green street, swallowed the contents of a large bottle of paregoric early yesterday morning, but the timely arrival of a physician prevented the drug from resulting fatally. Sleater, who is thought to have attempted self-destruction, is rapidly recovering from his experience, and his physicians declare that he is now out of any possible danger.

Sleater is said to have gone to his home late Friday night in a partially intoxicated condition. His friends declare that he had been drinking heavily for days and nights, and the influence of the effects of the liquor. He went to his home and is said to have walked restlessly to and fro for hours, unable to get to sleep. A bottle of paregoric was given him, and in the room and in order to ease pains in his stomach, according to his statement, he drank the contents of the bottle.

His brother arrived shortly after, and finding the man in intense agony, hastily summoned Dr. Gleason from St. Mark's hospital. On his arrival Sleater refused to permit him to use the stomach pump to remove the drug. He was, however, forced to use it, and the man was at last relieved. He was averse to discussing the affair, but stated that the drug was administered for the purpose of alleviating pains and that he had been drinking heavily for days and nights, and the influence of the effects of the liquor, swallowed the drug with the intention of ending his life.

Some of the Benefits.  
"The completion and operation of the new railroad will result in: (1) Annually increasing railroad shipments, both in and out of livestock and sheep. (2) Annually increasing railroad shipments in general merchandise, also of machinery and supplies, in connection with new productive enterprises. (3) Annually increasing railroad shipments out of wool, agricultural products, coal of the precious and allied metals, ore, coke, lumber, hydrocarbon, onyx and marble, granite and building stone, fire and other clays, etc. (4) An ever-growing railroad passenger travel, both ways, of persons connected with northwestern Colorado: fishing, hunting and general tourists and transcontinental travelers.

Will Have Charge of Republican Outing at Lagoon.  
President J. F. MacKnight of the Young Men's Republican club announces the following committees to conduct the club's excursion to Lagoon on August 10th.

Excursion committee—J. O. Nystrom, Bert E. McIntosh, George G. Armstrong, Frank Matthews, R. G. Shulder, H. A. Anderson, Alex. Cowan, Jr., J. E. Madson, John Y. Smith, Jr., Elmer W. Jones, Jonathan Ray, Horace Smith.

Press committee—John James, J. S. Daveler, Arthur E. Graham, H. W. Mayo.

Advertising committee—Ed W. Clark, John Hughes, P. P. Christensen, R. B. Whittemore, C. L. Diehl, A. S. Reiser, A. C. Reese, F. C. Looibourou, D. N. Strapp.

Baseball committee—Tommy Hills, W. F. Griffiths, Charles Walquist, Harry Heath, R. Nelson, E. C. Evans, A. L. Simond.

## HE TOOK PAREGORIC

Overdose Came Near Ending  
the Life of Charles Sleater  
Yesterday Morning.

Despondent over the illness of his child and recovering from the effects of a prolonged spree, Charles Sleater, 67 Green street, swallowed the contents of a large bottle of paregoric early yesterday morning, but the timely arrival of a physician prevented the drug from resulting fatally. Sleater, who is thought to have attempted self-destruction, is rapidly recovering from his experience, and his physicians declare that he is now out of any possible danger.

Sleater is said to have gone to his home late Friday night in a partially intoxicated condition. His friends declare that he had been drinking heavily for days and nights, and the influence of the effects of the liquor. He went to his home and is said to have walked restlessly to and fro for hours, unable to get to sleep. A bottle of paregoric was given him, and in the room and in order to ease pains in his stomach, according to his statement, he drank the contents of the bottle.

His brother arrived shortly after, and finding the man in intense agony, hastily summoned Dr. Gleason from St. Mark's hospital. On his arrival Sleater refused to permit him to use the stomach pump to remove the drug. He was, however, forced to use it, and the man was at last relieved. He was averse to discussing the affair, but stated that the drug was administered for the purpose of alleviating pains and that he had been drinking heavily for days and nights, and the influence of the effects of the liquor, swallowed the drug with the intention of ending his life.

When the convention resumed its session the committee on credentials reported 115 delegates entitled to seats in the convention. The committee on permanent organization and order of business reported the nomination of J. E. Madson for permanent chairman and Mrs. Zina W. Cummings for permanent secretary. The reports were adopted.

The committee on resolutions recommended the work of the county superintendent, and congratulated the people of Utah county on the progress made in educational work, and recommended that the county superintendent devote his time and talents to the school work of the county and engage in no business or profession that will take his time therefrom. The resolutions were unanimously adopted.

Mr. Axton's First Step.  
In line with instructions received from the war department, the Rev. John T. Axton will report at Fort Douglas Monday morning next for examination and to receive his commission as chaplain in the United States army.

The examination will be in compliance with a new law and more extensive than under the old law, and will be under the direction of Colonel Babb, and consists, first, of a physical examination. In that respect the candidate must be sufficiently perfect to perform the duties of the office. The second part of the examination is in the form of a written examination, and consists of a test in the various subjects of the curriculum, including history, constitution and international law, physiology and hygiene. On each of these subjects the candidate receives a percentage according to the examination passed.

Mr. Axton's friends entertain no doubt that he will pass the examination, although his experience in the clergy has been limited to his secretaryship of the Y. M. C. A., which extends over a period of more than eight years.

Woodmen of Salt Lake Will Observe Memorial Day.

## NEWS FROM OVER THE STATE.

## EUREKA TO CELEBRATE

Miss Vie Martyn Is Chosen Goddess of Liberty—Other Notes.

Silver City, June 28.—Eureka will celebrate Independence day. At a special meeting of the city council Tuesday evening, \$50 was appropriated for that purpose, and a general committee was appointed, with Mayor Gear chairman, to prepare a suitable programme. The purpose is to provide entertainment principally for the children, and most of the sports of the day will be for their benefit. The usual exercises incident to the day will be held in Odd Fellows' hall in the morning, with games and races and a free dance for the children during the afternoon hours. In the evening a dance will be given to help defray expenses.

The voting contest for the Goddess of Liberty for the Fourth was concluded last night. Miss Vie Martyn received 612 of the 900 votes cast, and was declared the winner. Everything is in readiness for a rousing celebration of the day, and a large crowd is expected to attend the exercises.

A girl baby was born Monday to the wife of J. D. Stack, agent for the Oregon Short Line railroad.

W. B. Seale, chief engineer of the Tullahoma power company, spent Sunday in Eureka.

Gus Hendriod was in Salt Lake on Tuesday.

James W. Faxman, manager of the Excelsior Mercantile company of Nephi and Eureka, was over Thursday from the county seat.

The primary association of the L. D. S. church gave a social and dance Wednesday evening.

Tintic lodge No. 711, B. P. O. E., donated \$50 to the victims of the Mercur fire at their meeting Thursday night.

Miss Mary Sturges of West Tintic and Julius Miller were married here Saturday evening by Bishop Connelly of the L. D. S. church.

Mr. and Mrs. E. A. Rauscher, who were married Tuesday in Salt Lake, returned to Eureka the same evening. Mr. Rauscher is one of the attaches of the Bullion-Beck mine.

The Women of Woodcraft and Woodmen of the World gave a farewell party to Mr. and Mrs. A. P. Smith, at the home of Mr. and Mrs. Chris Carpenter, on Leadville row, Monday evening. Mr. and Mrs. Smith left Tuesday for Denver, where they will reside.

Utah County Convention.  
James L. Brown Is Renominated For School Superintendent.

Provo, June 28.—The convention to nominate a county superintendent of Utah county was held at the hotel here at 10 o'clock. A temporary organization was effected with S. L. Chipman of Lehi chairman, and Harold Allen of Springville, secretary, and James L. Brown, present incumbent, and James E. Anderson, principal of the Springville schools, were pretty thoroughly discussed by the delegates. Each of the candidates had strong support, and the indications were that the convention was quite evenly divided between the two.

When the convention resumed its session the committee on credentials reported 115 delegates entitled to seats in the convention. The committee on permanent organization and order of business reported the nomination of J. E. Madson for permanent chairman and Mrs. Zina W. Cummings for permanent secretary. The reports were adopted.

The committee on resolutions recommended the work of the county superintendent, and congratulated the people of Utah county on the progress made in educational work, and recommended that the county superintendent devote his time and talents to the school work of the county and engage in no business or profession that will take his time therefrom. The resolutions were unanimously adopted.

Mr. Axton's First Step.  
In line with instructions received from the war department, the Rev. John T. Axton will report at Fort Douglas Monday morning next for examination and to receive his commission as chaplain in the United States army.

The examination will be in compliance with a new law and more extensive than under the old law, and will be under the direction of Colonel Babb, and consists, first, of a physical examination. In that respect the candidate must be sufficiently perfect to perform the duties of the office. The second part of the examination is in the form of a written examination, and consists of a test in the various subjects of the curriculum, including history, constitution and international law, physiology and hygiene. On each of these subjects the candidate receives a percentage according to the examination passed.

Mr. Axton's friends entertain no doubt that he will pass the examination, although his experience in the clergy has been limited to his secretaryship of the Y. M. C. A., which extends over a period of more than eight years.

TO UNVEIL MONUMENTS.  
Woodmen of Salt Lake Will Observe Memorial Day.

Today is memorial day for the Woodmen of the World, and the unveiling of the monuments erected to the memory of their dead will take place this morning at Mt. Olive cemetery. The various lodges will meet at their respective halls this morning at 9:30 and from there proceed to the cemetery. The Twelfth infantry band will escort the members to Mt. Olive, where the graves of the dead will be visited. The Twelfth infantry band will also unveil a monument to the deceased members, after which they will return to the city to meet visiting lodges.

Delegations from Ogden, Kayville, Bountiful, Murray, Park City and Salt Lake will be expected to arrive at about 10 o'clock. The Twelfth infantry band, Ogden team, Salt Lake camp No. 46, Desert camp No. 46, and the Kayville camp, Bountiful, will be in the line. The second division of the parade will be composed of the first aid to grand marshal, A. McFarland, Jr., the Twelfth infantry band, Utah camp No. 38, degree team, officers and members; Bountiful camp No. 62, Aba Lincoln camp No. 70, and the Kayville camp. Beautiful and impressive ceremonies will be held at the cemetery, and an invitation to the public is extended.

Selling Out  
Our entire line of summer dresses and flannels at 25 per cent discount.

## BOUNTY FOR HOPPERS.

The Large Sum of \$1,100 Has Been Paid to Date.

Manti, June 28.—Eleven hundred dollars has to date been paid out in bounty for grasshoppers since the plan was adopted. The people of Ephraim captured forty bushels yesterday, which is the largest number caught there in one day.

Boxing contests have occupied the time of some of our boys the last day or two, and a match will likely be made for a friendly bout on July 4.

The county convention to be held in this city this afternoon to select a county superintendent of schools promises to be a warmly contested fight. It is now an assured fact that there are three candidates in the field.

—Andrew L. Larsen of Ephraim, John Frank Allred of Spring City and George Christensen of Mount Pleasant. A special messenger was sent down from Mount Pleasant yesterday to prevail on the Manti delegation to support the Mount Pleasant candidate, but it was learned this morning that he met with a frost.

Last evening Ephraim chose its delegates, who will all come instructed for Andrew L. Larsen, the Ephraim candidate. It is understood that Fountain Green and Manti will also give Larsen a majority of their votes, and the towns south of Manti will come for the Ephraim man, so that it looks favorable for the Ephraim candidate at the present time.

Miss Emma Lucy Gater makes her first appearance in the Manti tabernacle this evening. Her appearance here will be appreciated by a large attendance at the meeting place.

Joseph Farmer, a former resident of Manti, who is now located in St. Louis, is visiting in Manti.

A Grand Parade Will Be One of the Features.

Payson, June 28.—Payson is making preparations to celebrate the Fourth in great style, and a good time is looked forward to. The voting for Goddess of Liberty continues briskly and will end this evening. Mrs. William Perre has the most votes thus far, but is seconded closely by Miss Cora Dixon. A grand parade will be a feature of the day's celebration here, and there will be a match game of baseball, bicycle and horse races and other amusements.

The Payson pavilion will be formally opened on the night of July 2, when an excursion will be run from Tintic points. The floor will accommodate 400 dancers, and it is one of the finest dancing halls outside of Salt Lake. Business seems to be on the increase here, as during the past week there have been three new business launches, viz: a general store, a restaurant and a bicycle venture.

Mr. and Mrs. F. N. Paulson left yesterday for Sanford, Colo., where Mr. Paulson will conduct the teachers' institute. He has been the principal of the Payson public schools the past four years, and upon his return to Utah will take up his residence at Murray, where he has been engaged in a similar capacity.

George Wilson is at his home very ill with typhoid fever. He was brought a few days ago from Wasatch, where he contracted the disease.

NAMED CANDIDATES.  
Two Conventions at Logan Made School Superintendent Nominations.

(Special to The Herald.)  
Logan, June 28.—The Democratic county convention met today to nominate candidates for county superintendent. E. W. Hendricks was elected chairman and Mattie Reeder secretary. Both George M. Thompson, the present holder of the office, and E. K. Owen of Wellsville were placed on the nomination list. A spirited canvass Thompson secured the nomination by a vote of 47 to 26. The convention was then adjourned.

The Republicans also held their convention and but few of the party leaders were present. James Anderson, Lewis and Lewis were the only ones present. He was nominated by acclamation.

Peter Greaves, Jr., Nominated.  
Ephraim, June 28.—A non-partisan caucus was held here last night to nominate a candidate for school trustee, and also to elect nine delegates to the non-partisan county convention, which will convene at Ephraim today. The meeting was well attended and passed off very harmoniously.

Peter Greaves, Jr., was the unanimous choice of the caucus for school trustee, and he will succeed himself as a member of the school board. The delegates to the county convention are: A. W. Jensen, Adolph Hansen, Fred Jorgensen, E. F. McCafferty, S. P. Jensen, J. M. Hansen, A. L. Larsen, C. J. Fisher, P. C. Peterson, Jr., Altemeyer, Alfred Dale, Andrew Thompson, Jr., H. Jensen and Andrew Frost.

The delegates were instructed to vote for A. L. Larsen for superintendent of schools.

County Commissioner Dahl has completed the work on the several durgways in Ephraim canyon.

Both Parties Nominate.  
(Special to The Herald.)

Milford, June 28.—Republican and Democratic county conventions were held today for the purpose of nominating candidates for school superintendents. In the Republican convention Charles Woodfield, the present incumbent, and O. F. McShane were placed in nomination and McShane won by a vote of 22 to 2.

The Democratic convention was held at the same place, and J. B. Burns, teacher at Milford, was nominated. Some of the Republicans of the county are considerably incensed over a letter sent by State Superintendent Nelson to County Chairman Benson, urging that the school election be on non-partisan lines. The Republicans are wondering how Nelson came to be a candidate on the Republican ticket, if he is such an ardent non-partisan.

Sandy Will Celebrate.  
Sandy, June 28.—Sandy City will have a grand celebration on the fourth day of July, and has engaged a brass band consisting of twenty pieces, when the celebration will be given.

A salute of forty-five guns will be given at daybreak. Exercises will be held in Allie's grove at 10:30 a. m. Sports in the afternoon, consisting of horse racing and foot racing between children for cash prizes, baseball match at 3:30 p. m., to close with a dance and grand display of fireworks in the evening.

LOOKING FOR UNCLE.  
Mrs. Isabella M. Russell, a widow, is scouring the entire country in search of her missing uncle, Peter and Daniel Heppner, who, according to a letter received by Postmaster Thomas, left their home in Mount Custer, Fifeshire, Scotland, over thirty years ago, and for a number of years have been engaged in mining in Bingham canyon. The widow is now stopping with a relative, A. G. Duncan, living at Wilmette.

She states in her letter that the missing relatives corresponded regularly till five years ago, when the last letter was received, postmarked Bingham.

## EX-LIEUTENANT GOVERNOR OF OHIO

Recommends One of Ohio's Well-Known Products, Pe-ru-na.

Hon. Alphonzo Hart, ex-Lieutenant-Governor of Ohio, in a recent letter from Washington, D. C., says:  
The Peruna Medicine Co., Columbus, Ohio.

Gentlemen:—I have been using Peruna for catarrh, and can cheerfully recommend it to all as a cure for same, and it is also a good tonic.

A. HART.

Mr. Elmer M. Barnes, 611 State street, St. Joseph, Mich., Manager for the League of Educators of Michigan, writes as follows:

"It is with pleasure that I give Peruna my hearty endorsement. I have found that it contains valuable properties as a tonic. Close study and steady confinement induces a wear and tear on the nervous system, and at such times I have found that a bottle or two of Peruna would restore the system to its normal vigor very speedily and permanently."

ELMER M. BARNES.

Nervous Debility.  
Everyone who is in the least degree subject to nervousness, sleeplessness, prostration, mental fatigue or nervous debility in any form, finds the hot weather of June, July and August very hard to bear, if not dangerous.

The only safe course to take is to keep the blood pure, digestion good, and sleep regular. No remedy equals, in all respects, Peruna for these purposes. If the system is run down and weakened by catarrh, Peruna renovates and rejuvenates the nerves and brain.

The above testimonials are only specimens of 50,000 letters received touching the merits of Peruna as a catarrhal tonic. No more useful remedy to tone up the system has ever been devised by the medical profession.

CHARGES WERE FALSE  
Judge Hall Orders Accusations Against Justice Bartch Stricken Out.

Judge Hall has signed the findings of fact and conclusions of law in the Morrison-Snow mining case in which the Morrison-Snow company charged Alviras E. Snow with defrauding him out of 145,000 shares of stock in the Morrison Mining company, and Snow in turn made various sensational charges against Justice George W. Bartch of the supreme court, who was president of the company.

Regarding the charges made by Snow against Judge Bartch, the court finds that the charges were false, and that there was no evidence introduced upon the hearing which in any degree tended to sustain them. The charges are then particularized, the finding in each instance being that the charge was untrue, both as to the facts and the allegations of Snow and the Morrison Mining company. In the decree the court says:

"That the allegations in the answer of defendant, Alviras E. Snow, and the defendant Morrison Mining company, of and concerning defendant George W. Bartch, are scandalous and malicious, and that the same be, by order and decree of this court, stricken from the files and records of this court as scandalous, malicious and impertinent, and that said George W. Bartch recover his costs to be taxed."

As heretofore stated, the decree is also in favor of Morrison for the return of the stock.

Mrs. Rosecamp Wants Alimony.  
Along with his action for divorce against his wife, Thomas Rosecamp, the mining man, now has a motion for temporary alimony made by his better half to contend with. Mrs. Rosecamp filed her application yesterday, and asks that her erstwhile lord and master be required to pay her the sum of \$100 per month. She alleges that Rosecamp has placed a notice in a newspaper, notifying all persons not to extend credit to her on his account, and adds that she is without any money or income. She also alleges that Rosecamp is worth not less than \$25,000. She then says that she cannot make a demand to her husband's action, unless

Retirement of Busby Causes Shifting in Sheriff's Office.

Sheriff Naylor has notified the county commissioners that he has taken Deputy Sheriff J. E. Naylor from the civil department and placed him in the criminal department, in the place of Thomas Busby, resigned, and advanced John Arup from bailiff to the civil division, to fill the place formerly occupied by J. E. Naylor. Mr. Naylor also notified the commissioners that he has appointed Joseph Burbridge as bailiff to fill the place formerly occupied by John Arup. Ethelbert Young, as a special deputy in Parley's canyon, Edgar Angell, as a special deputy at Brighton.

Recorder Alston has notified the commissioners that he has appointed Amy E. Smith to a position as deputy to fill the vacancy caused by the resignation of Ann M. Cannon.

In addition to these appointments, Justice Lee of Bingham has asked the commissioners to direct the sheriff to appoint four deputies for duty here on July 2, 4 and 5.

None of the appointments have as yet been acted upon by the commissioners, but will be tomorrow.

The Laundry  
That has made Salt Lake famous for the work on shirts, collars and cuffs. THE TROY, 166 Main St. Telephone 192.
